3. To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed Form and every case will be duly investigated by a Special Revenue Inspector. There will be a check of the Preliminary Record by the Amildar or other officer specially authorised by the Commissioner for Settlement and Land Records or by the Deputy Commissioner, in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Records of Rights.

4. All persons interested in the land are required to render every reasonable assistance to officers of the Department of Land Records when they come to the village to measure the hissas and to conduct enquiries in cases of disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer, engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of the Land Revenue) besides depriving them of the advantages enumerated above. The officer to whom any information is furnished or before whom any documents are produced in accordance with the requisition will give a written acknowledgment therefor in the form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under his signature stating the fact of its production and the date thereof.

NOTIFICATIONS BY GOVERNMENT

CHIEF SECRETARIAT

Dated 4th October 1945.

No. 1250—C. B. 9-45-3. His Highness the Maharaja has been pleased to order the following change in the allocation of the business of the Government among the Dewan and the Ministers :—

1 The work relating to Food and Road Transport will be transferred from the Minister for Revenue to the Minister for Law.

2 The Minister for Law will be Chairman of the Road Traffic Board.

2220

Dated Bangalore 2nd October 1945.

No. R. 2046—L. S. 6-45-17. Under Section 106 of the Mysore Land Revenue Code (Act IV of 1888) as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to extend the provisions of Chapters VIII to X of the said Act to Jodi Kuthandahalli Village, Kolar Taluk.

2150

Dated Bangalore 2nd October 1945.

No. R. 2051—L. S. 6-45-12. It is notified for general information that, under section 1 (2) of the Record of Rights Act No. X of 1927, Government are pleased to direct that the provisions of the said Act shall be extended to Jodi Kuthandahalli Village, Kolar Taluk.

2. The Record is intended to check litigation in regard to land and to facilitate its disposal by the Courts, to reduce unnecessary expenditure by the raiyats in executing and registering documents and to protect them against fraud and fabrication of false claims. It will also be of assistance to Government as well as the raiyats in the distribution of assessment among the various hissadars, the grant of Takavi and Land Improvement Loans and the grant of suspension or remission of land revenue.

3. To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed form and every case will be duly investigated by a Special Revenue Inspector. There will be a check of the Preliminary Record by the Amildar or other officer specially authorised by the Commissioner for Settlement and Land Records or by the Deputy Commissioner, in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Records of Rights.

4. All persons interested in the land are required to render every reasonable assistance to officers of the Department of Land Records when they come to the village to measure the hissas and to conduct enquiries in cases of disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer, engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of land revenue) besides depriving them of the advantages enumerated above. The officer to whom any information is furnished or before whom any documents are produced in accordance with the requisition will give a written acknowledgment therefor in the form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under his signature stating the fact of its production and the date thereof.

Dated 3rd October 1945.

Under Section 106 of the Mysore Land Revenue Code (Act IV of 1888) as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to extend the provisions of Chapters VIII to X of the said Act to Jodi Chokkareddipalli village, Srinivasapur Taluk.

2291

Dated 10th October 1945.

No. R. 2264—L. S. 6-45-15. It is notified for general information that, under section 1 (2) of the Record of Rights Act No. X of 1927, Government are pleased to direct that the provisions of the said Act shall be extended to—

Jodi Chokkareddipalli Village, Srinivasapur Taluk.

2. The Record is intended to check litigation in regard to land and to facilitate its disposal by the Courts to reduce unnecessary expenditure by the raiyats in executing and registering documents and to protect them against fraud and fabrication of false claims. It will also be of assistance to Government as well as the raiyats in the distribution of assessment among the various hissadars, the grant of Takavi and Land Improvement Loans and the grant of suspension or remission of land revenue.

3. To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed form and every case will be duly investigated by a Special Revenue Inspector. There will then be a check of the Preliminary Record by the Amildar or other officer specially authorised by the Commissioner for Settlement and Land Records or by the Deputy Commissioner in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Record of Rights.

4. All persons interested in the land are required to render every reasonable assistance to officers of the Department of Land Records when they come to the village to measure the hissas and to conduct enquiries in cases of disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of land revenue) besides depriving them of the advantages enumerated above. The officer to whom any information is furnished or before whom any documents are produced in accordance with the requisition will give a written acknowledgment therefor in the form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under his signature stating the fact of its production and the date thereof.

GOVERNMENT OF INDIA, FINANCE DEPARTMENT.

In connection with the re-coinage programme that will have to be undertaken after the end of the War, the Government of India are pleased to announce a "Coinage Design Competition" with a view to encouraging artists in the country to submit designs for India's post-war coinage. For purposes of the competition it should be assumed that the coinage will be decimalised although that issue has not yet been decided. The terms and conditions of the competition are as follows:—

(1) A prize of Rs. 2,000 is offered to the artist whose designs will be accepted for the entire series of coins or the sum may be divided in proportion according to the designs accepted, at the discretion of the Committee mentioned under (5) below.

(2) Designs are required for the following coins whose shapes and sizes may be taken to correspond to the existing coins mentioned against them:—

(i) 50 cents	...	Half rupee
(ii) 25 ,,	...	Quarter rupee.
(iii) 10 ,,	...	Two-anna (square shape).
(iv) 5 ,,	...	One anna (scallopped shape).
(v) 2 ,,	...	Half anna (square shape).
(vi) 1 ,,	...	One pre-war half pice diamter 0·84 inch.

(3) (*a*) The obverse of all these coins will bear the head of His Majesty the King-Emperor.

(*b*) Designs must be clear, simple and suitable for low relief without intricate and complicated details.

(*c*) All designs should bear the denomination in English, Hindi and Urdu only.

(*d*) No beads are required round the margin.

(*e*) The relief should be kept away from the margins as far as possible.

(*f*) Sketches should be prepared in black and white and of approximately 4 to 6 inches in diameter.

(4) All entries, which must be certified as original by the artist, should be forwarded in a registered cover superscribed "Coinage Design Competition" to the Master of the Mint, His Majesty's Mint, Bombay, so as to reach him not later than the 15th November 1945.

(5) The designs submitted will be considered by a Committee consisting of the Governor, Reserve Bank of India, the Secretary to the Government of India in the Finance Department, the Mint Masters, Bombay and Calcutta and Principals of two Art Schools with power to co-opt the Artist Engraver, Bombay Mint, when necessary. The decision of the Committee will be final.

(6) Rejected entries will be returned only if a specific request is made in this behalf to the Mint Master, Bombay, within a period of one month of the announcement of the result of the competition.

Dated 29th October 1945.

No. I. & C. 1724—L. W. 48-45-2 Under Section 12(4) of the Mysore Labour Act XIII of 1942, as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore in respect of the failure of conciliation proceedings in a dispute between the Labour Association and the management of the Mysore Spinning and Manufacturing Co., Ltd., Bangalore, over the question of starting a night shift in the mills belonging to the Company.

MOHAMED ISMAIL SHERIFF, *Gl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

No. C. C. 5—45-46, Camp Mysore, dated 23rd October 1945.

From

M. Navaneetham Naidu, Esqr., B.A., B.L.,
Chief Conciliator in Mysore.

To

Mohamed Ismail Sheriff, Esqr., B.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
General Department,
Bangalore.

SIR,

I have the honour to make the following report under Section 12(4) of the Mysore Labour Act, relating to a dispute between the Mysore Spinning and Manufacturing Co., Ltd., Bangalore, and the concerned Labour Association in regard to starting of "Night Shift" in the Mills.

2. The General Manager of the Mills gave a notice of change (dated 27th August 1945), to the Labour Association, as stated below:—

"The Management has decided to start a Night Shift with effect from 1st October 1945.

The system will be introduced in such departments and from such dates as are convenient to the Management having regard to the working conditions.

The timings of the Day and Night Shifts have been fixed as under, taking into consideration the requirements of the Electrical Department as well as the convenience of workers:—

Day Shift.

7-30 A.M. to 12 NOON	
12 NOON to 1 P.M.	Recess for meals
1 P.M. to 5-30 P.M.	

Night Shift.

5-30 P.M. to 8 P.M.	
8 P.M. to 8-45 P.M.	Recess for meals
8-45 P.M. to 1 A.M.	
1 A.M. to 1-30 A.M.	Recess for tea
1-30 A.M. to 3-45 A.M.	

The Management may change these timings at their discretion if any department or all the departments if and when found necessary.

After the introduction of the Night Shift, workers will be grouped in batches, so that they shall work alternately on the Night Shift and the Day Shift changing every fortnight, provided that the periods of change-over and the batches will be adjusted to the working conditions in the period previous to the full working of the Night Shift.

In departments where women are working, the periods of change-over and the batches will be determined by the complement of men and women workers.

One anna per worker per night will be granted in addition to the usual wages to those workers who work on the Night Shift extending after 12 midnight.

Tea and, if possible 'iddlies' will be served free of cost to workers who are working on the Night Shift extending after 12 midnight.

If, for any reason, Night Shift is not worked in any department or departments, the present system of A, B, and C shifts will be reverted to at the discretion of the Management.

3. The Assistant Commissioner of Labour, Bangalore Division, who tried to bring about an agreement between the parties, reported to the Commissioner of Labour on 12th September 1945, as under:—

"Under Section 10(3) of the Act, negotiations were fixed relating to the above notice of change, on the 4th September 1945, which was postponed to the 11th September 1945 at the request of the President of the Association, as he wanted to consult the workers on the proposed change in the existing system of shifts. On the subsequent day (11th September 1945), fixed for conducting negotiations, Mr. D. D. Kale, Mills' Labour Officer, representing the Mills' Management, was present. A letter from the President of the Association was received, stating that he could not convene the meeting of the workers for purposes of consultation and that, in case further adjournment of the negotiations was not possible, their reply to the notice of change might be taken that the Association was not agreeable to the proposed change. Further postponement of negotiations is not possible as the statutory time limit of 15 days would be over by the 13th instant. In these circumstances, settlement could not be brought about by me on the above notice of change."

4. The Commissioner of Labour, thereupon referred the matter to this Office for initiating conciliation proceedings under Section 10 (3) of the Labour Act.

5. The case was then registered and it was posted for hearing, after intimation to the parties. The conciliation proceedings were held at Bangalore, on the 26th September 1945 and on the 6th October 1945, and at Mysore on the 21st October 1945.

6. The Management was represented throughout by Mr. D. D. Kale, Labour Officer of the Mills, while Mr. D. Sreenivasiah, President of the Association represented the Association on the 1st day, and Mr. Doraisamy, Assistant Secretary of the Association, on the remaining two days. Mr. M. Abdul Azeem, Assistant Commissioner of Labour, Bangalore Division, was present on the first day (*i.e.*, 26th September 1945).

7. The Management's representative, Mr. D. D. Kale explained, to start with, the notice of change, and stated that the hours of work in the night shift scheme to be introduced, and the benefits the management are prepared to concede to the workers on that account are set out in the Notice of Change; that such a scheme was in force in other textile concerns, such as the Minerva and the Binny Mills in Bangalore and the Krishnarajendra Mills in Mysore and that, since they (Management) have received no reply from the Labour Association, to their notice of change, excepting copies of replies sent to the Assistant Commissioner of Labour, they wished to know the attitude of the Labour Association in the matter.

8. On behalf of the Labour Association, Mr. D. Sreenivasiah, stated to this effect. The Association received the Notice of Change on 30th August 1945 and brought it to the notice of the committee members. They wanted to know the views of the body of labourers. So, a reply could not be sent immediately to the Management. As the Association wanted to consult the workers at a public meeting which could not be held without the permission of the District Magistrate, the Association made two applications for permission, one for holding a meeting on the 7th September 1945 and the other for general permission to hold meetings. For the first permission was received a day late (*i.e.*, on the 8th September

ssociation could not hold the meeting As for the second, no reply was ociation could not give a definite reply mass of workers, we were not able to the days fixed by the Assistant Com- but we replied on both the occasions, , and stating that, if further adjourn- nted, it may be taken that the Associa- o the proposed change."

n now on the Notice of Change, the stated that though they (Association) the introduction of Night Shift, on pposed to the manner in which the the Mills was sought to be started. t, as most of the workers were persons idency, the Association would like to n similar mills in those parts, *i.e.*, Coimbatore, Salem, Madura, etc., and able them to discuss the subject and ment on the issue. He said that the erefore urge for an adjournment of the ings to a date not earlier than 20th ch time the Association hoped to consult rs and collect the necessary *data* for to a settlement. He then read and ent, stating to the same effect, and ditions about hours, remuneration, etc., g, thus :—

gement's representative took exception made in that written statement of the e Management was attempting to acquire lated under the Act and to reduce the Section 10 of the Labour Act to a mere diatal the suggestion made therein, that as asking for more power than what is r the Act. He further stated that, for e authorities wanted the mills to increase Mills, and so, the Management had proposed ber of shifts to two and introduce the Mills. As the differences between the d the demands of the Labour Association e very much, he wanted to know whether in the written statement of the Associa- sis for their collecting further statistics posals could be discussed and whether it is a settlement, without adjournment. He ll the available information required by respect of similar mills in Bangalore. representative agreed to discuss the propo-

ement's representative pointed out that l of the Association to introduce three ch was a welcome one, as it would result could not however be accepted at present, nt machinery, etc., In the circumstances, pay an extra allowance of one anna per head per night shift, in addition to free supply of Tea and if possible, of iddlies and that the question of raising the basic wage by two annas did not arise as basic wage was paid to all, irrespective of night or day shift, and that this extra allowance proposed by the Management was payable to only those that worked in the night shifts, and for the period they worked on night shifts.

13. The Labour representative explained that what the Association meant by an increase of two annas in basic wage was an extra allowance of two annas (*i.e.*, the Association wanted the Management to raise the present offer of one anna to two annas), as was being paid some time back when there was night shift work in the same Mills.

14. The Management's representative explained that even before, when there was Night Shift in the Mills the men were being paid only one anna extra in cases of night shift not extending beyond 4-30 A.M. while in cases where night shift extended up to 7-30 A.M. two annas extra per night shift per head was being paid and that as the present proposal was only for a night shift not extending beyond 4-30 A.M. the offer of one anna extra was made as on previous occasion under similar conditions and that it is not possible to raise it to two annas. He then filed copies of two letters, (1) one by the Management to the Association on 9th December 1943, confirming the assurance given by the Management during the Arbitration Proceedings in 1943 to the effect that if and when full night shift extending beyond midnight is worked in the Mills, the workers will be granted the same benefits as are mentioned in the agreement dated 14th May 1943 between the Minerva Mills, Limited, and the concerned Labour Association and (2) the other letter of the Association to the Management, acknowledging the said letter confirming the assurance given by the Management.

15. At this stage, the Labour representative wanted time to collect statistics and asked that the proceedings might be adjourned to a date after 20th October 1945. But the Management's representative stated that as the matter was urgent, and as the Association had sufficient time, he was not for an adjournment. On further discussion, it was felt that the grant of an adjournment would enable the parties to discuss the subject and if possible, to come to a settlement. As to the next date, the 6th October was fixed, with the concurrence of both sides. The proceedings were accordingly adjourned to the 6th October.

16. On the next date of hearing, (6th October), the Association sent an application to this office, stating that "our President met Mr. Kale (the Management's representative) twice in the interval and discussed with him regarding the various possibilities of an understanding to be arrived at for the working of the night shift;" and that "ill-health has over taken our President in his earnest attempt of convincing the workers and at the same time negotiating with the Management, and consequently he was admitted to the Hospital just yesterday and he is not in a position to move about immediately; "and praying that an adjournment by another fortnight may be granted to try our utmost in evolving a formula for an agreement between the Association and the Management," and adding that "our President will within that time be able to get better and work up for an agreement and thus make the conciliation a success." Mr. Doraiswamy, Assistant Secretary of the Association, appeared for the Association, while Mr. Kale was present on behalf of the Management.

17. The former (*i.e.*, Assistant Secretary) referred to the application of the Association of further adjournment of the proceedings on the ground of the President's illness, and stated that he was not in a position to take part in the proceedings on behalf of the Association, and that he had appeared just to obtain an adjournment, as already applied for. The Management's representative opposed the adjournment motion and stated that the matter was urgent and the proceedings should not be held up on account of one individual in an organization being unable to attend, and that, if the President was not able to attend, another office-bearer of the Association, who could take part in the proceedings could have been deputed.

18. However, the request of the Association for adjourn-

agreement; and (*d*) that there was still some time left before the expiry of the prescribed period of one month. As to the next date and place of hearing, the 21st October 1945 at Mysore Camp was fixed with the concurrence of both the parties, as the proceedings had to be concluded within the prescribed period of one month, and as I had to be at Mysore during the period on account of the Dasara Session—Representative Assembly.

19. The proceedings were accordingly taken up on the 21st instant at Mysore. Mr. Kale, as before, on behalf of the Management, and Mr. D. Doraiswamy, Assistant Secretary for the Association were present.

20. The Labour Representative stated that the Association wanted the following terms to be conceded by the Management before the proposed Night Shift scheme of the Management could be agreed to:—

(*a*) Night Shift allowance should be paid at two annas per shift per worker, as was done during the electric power break-down period last year;

(*b*) A cash payment of four annas per Night Shift per worker should be made in lieu of refreshments (Tea or Coffee and iddli). If that was conceded, the workers did not want any lunch interval, proposed by the Management and would finish the shift half an hour early and go home. The Binny Mills were paying three annas per shift in addition to giving tea for every worker working in the Night Shift; and

(*c*) The number of night working hours should be reduced from nine to eight.

21. With reference to these demands of the Association, the Management's representative stated seriatim thus:—

(*a*) *Night Shift Allowance*:—A rate of two annas was paid on the previous occasion, only when the night shift extended beyond 4-30 A.M. and not otherwise. Whenever night shift did not extend beyond 4-30 A.M. the Management paid only one anna even on that occasion. As the proposed night shift does not extend beyond 4-30 A.M. the Management are prepared to pay the same rate of one anna even now. In the other Mills also, for example, in the Binny Mills, the Minerva Mills and the Krishnarajendra Mills, the night shift allowance paid is only one anna and not two annas. Hence, the Management are not agreeable to pay more than what is proposed (*i.e.*, one anna).

(*b*) In addition to the proposed Night Shift allowance of one anna, the Management have proposed to give the night shift workers some refreshments, such as iddli and tea, free of cost, to enable them to work during night hours. For this purpose, a tea or lunch interval of half an hour has been provided. The lunch interval is an obligatory one and could not be dispensed with without the permission of the Factory Inspector. It is not possible to substitute the refreshment by cash payment, nor can the workers be allowed to make their own arrangements for preparing lunch or refershments within the mill premises. There is no such practice anywhere. To his (*i.e.*, Management's representatives) knowledge, the Binny Mills were paying only a night shift allowance of one anna per shift per worker in addition to lunch, and there is no cash payment given in lieu of lunch. As such, the Management are not agreeable to pay cash payment in lieu of lunch.

(*c*) The Management cannot agree to reduce the number of night working hours from nine to eight. The number of hours in a night shift in the other textile mills with two shifts, is also nine and not eight.

22. The Labour representative stated in the end that the Association cannot agree to the Management's Notice of Change, under reference. The Management's representative pressed the Notice of Change and added that many of the statements in the memorandum (*i.e.*, the written statement) of the association are either not correct or beside the point at issue, and that the matter in the present Notice of Change was not a new one; but one which had already been considered and agreed to by the Labour Association, on a previous occasion and that the same workers in this very Mills worked in the night shift for six months on the same terms as are now proposed.

23. The Labour Representative then asked that the conciliation proceedings may be adjourned and taken up again a little time to consider the matter with the representative. He said he had already consid and he had nothing to further consider or Management's representative.

24. Finally, the Management's representati the Management strongly press the Notice of Labour Representative said that the Associati to the Notice of Change. Hence the parties a settlement.

25. All possible ways of settlement were the parties did not come to a settlement in Notice of Change.

26. The proceedings thus ended in failure, report.

27. I request that this report may be p Gazette, as required under sub-section (4) of Mysore Labour Act.

Dated 30th October 1945.

No. P. W. 3470-74—K.R.S. 1-45-97. Under Section 6 of the Land Acquisition Act of 1894, as amended by the Land Acquisition Amendment Act No. I of 1927, the Government of His Highness the Maharaja of Mysore declare that the lands measuring 9 acres & 23 guntas be the same a little more or less, are needed for a public purpose, to wit, 7th Distributary and its Minor Nos. 1 and 2 of the Thuraganur Branch; and under Sections 4 and 7 of the same Act, the Special Land Acquisition Officer, Mysore is appointed to perform the functions of a Deputy Commissioner under the Act and directed to take orders for the acquisition of the said lands. Under sub-section (1) of Section 17 of the Act, the Government further direct that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in Section 9(1) of the Act. A plan of the lands is kept in the Office of the Special Land Acquisition Officer, Mandya, and may be inspected at any time during office hours.

(4) The Oorgaum Gold Mining Company of India, Ltd., Oorgaum, Kolar Gold Fields.

MOHAMED ISMAIL SHERIFF, *Gl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

No. C. C. 4—45-46, *Camp Oorgaum, dated* 31*st October* 1945.

From

M. Navaneetham Naidu, Esqr., B.A., B.L.,
Chief Conciliator in Mysore.

To

Mohamed Ismail Sheriff, Esqr., B.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
General Department,
Bangalore.

SIR,

I have the honour to make the following report under Section 12(4) of the Mysore Labour Act, relating to a dispute between the undermentioned Labour Associations and the concerned Managements, at Kolar Gold Fields, in regard to changes in the existing wages, increment and grades system for the several classes and kinds of workers in these Mining Companies :—

Conciliation Case No. 38,38A and 39—44-45.

Labour Association :—	The Nandydroog Mines Labour Association, Oorgaum, Kolar Gold Field.
Management :—	The Nandydroog Mines, Ltd., Oorgaum, Kolar Gold Field.

Conciliation Case No. 41—44-45.

Labour Association :—	The Champion Reef Mines Labour Association, Champion Reefs, Kolar Gold Field.
Management :—	The Champion Reef Gold Mines of India, Ltd., Champion Reefs, Kolar Gold Field.

Conciliation Case No. 44—44-45.

Labour Association :—	The Mysore Mines Labour Association, Oorgaum, Kolar Gold Field
Management :—	The Mysore Gold Mining Co., Ltd., Marikuppam, Kolar Gold Field.

Conciliation Case No. 4—45-46.

Labour Association :—	The Oorgaum Mines Labour Association, Oorgaum, Kolar Gold Field.
Management :—	The Oorgaum Gold Mining Company of India, Ltd., Oorgaum, Kolar Gold Field.

2. These four Labour Associations gave to the concerned Managements Notices of Change, desiring several changes in the existing wages, increments and grades systems for the several classes and kinds of workers, (both underground and surface) in these Mining Companies. The several changes that are demanded are set out in detail in the annexure of each Notice, and are, in the main, the same, in each Association's Notice (except for some small differences), and cover, in all various items, numbering from about 180 to 200. Noted below is a general summary of the several items of demands common in the Notices :—

(i) The minimum basic wage of any Underground workman should not be less than fourteen annas per day.

(ii) The minimum basic wage for any Surface workman should not be less than twelve annas per day.

(iii) Men and women workers should be paid similar wages for similar work.

(iv) Similar wages should be paid for similar work whether the worker belongs to Company or Contract work.

(v) Wages of boys below 17 years of age, and those of apprentices should not be below six annas per day.

(vi) Annual increments should be given to all classes of workers in order to raise their minimum to the maximum of wages in their grade, if the worker had earned 80 per cent of his attendance Bonus and his full privilege leave for the previous year, unless disabled to do so due to hospitalisation. The increment rate should be fixed (as shown therein in the Notice).

(vii) In cases where more than one grade exists for a particular type of work, the worker should be promoted to the next higher grade when he reaches his maximum of his grade.

(viii) All Underground workmen should be paid the scale of wages (shown therein in the Notice) other than those classified under the head of *Special Classification* unless their present scale of wage is higher than what is requested for.

(ix) All Surface workers should be paid the scale of pay (minimum and maximum shown their in the Notice) other than those classified under the head of *Special Classification* unless their present pay is higher that what is requested for.

(x) There are more than 160 classes of workers under Special Classification in whose cases revision of the basic wages fixing of maximum and minimum scale of pay, etc., is asked for, (as detailed in the Notice).

3. The Managements replied to the effect that they are unable, under the present circumstances, to agree to the demands put forth. As the Assistant Commissioner of Labour Kolar Division, Kolar Gold Field could not bring about an agreement between the parties, the Commissioner of Labour referred these cases, to this Office for intiating conciliation proceedings.

4. The cases were accordingly registered, and intimations to all the parties were issued. I held conciliation proceedings at Oorgaum, Kolar Gold Fields on the undermentioned dates.

5. The demands in the notices of change being almost the same, and the Labour representatives having desired and the Managements having no objection, all these cases were taken up and proceeded with together.

6. At the outset, Mr. K. Chengalaraya Reddy, President of the Champion Reef Mines Labour Association, explained the demands on behalf of all the Labour Associations. He stated that the wages paid at present to the labourers inthese Mines were very low, as compared with the nature of the work they were engaged in, and that, in spite of many years of service, several labourers were getting very low wages, and that the labourers being ignorant of their rights and privileges were not able to urge their claims properly and in time; that the Managements did not raise the wages in spite of the Companies making huge profits and distributing enormous dividends and that the labourers now feel that, in view of the

rise in their standard of living, the basic wage that is paid is very inadequate, being less than nine annas per day, and should, in the circumstances explained, be raised to not less than twelve annas in the case of Surface worker and not less than fourteen annas in the case of Underground worker. He added that an Indian worker in the Gold Mines in South Africa was paid Rs. 2-4-0 per day, though there was not much difference in the nature and quality of work done.

7. For this, the Managements explained that the labour in South Africa Gold Mines cannot be compared to the labour in the Kolar Mines here, and that the conditions differed vastly between the two, and that the South Africa labourer was more efficient than the Kolar Gold Fields labourer. Besides, the system of employment there was entirely different in as much as the labour in South Africa was indentured labour, so much so. the labourers there did not enjoy the same freedom as those here are enjoying; the workers there were required to be within their areas all the hours and were not allowed to be with their families, and were not having several other amenities which the labourers here were enjoying. The Labour representives urged, that as long as the number of hours of work, and the nutare and quality of work was the same, the wages should also be the same as there.

8. It was next remarked by the Labour representatives that the cost of living in Kolar Gold Feilds had gone high and is more than that in any other place in Mysore State and that a large number of workers here were getting only nine annas a day. The Managements said that it was not nine annas and that the workers are now getting twelve annas per day. The Labour representatives pointed out that twelve annas referred to by the Managements was not the basic wage (which was in question) but included other allowances, (such as, dearness allowance or attendance bonus). The Managements contended, it did not matter in what name it was paid, so long as the entire amount went to the hands of the worker and was available for his expenditure. The Labour representatives pointed out that what the Associations were urging was not the gross amount a worker got, but the basic wage only, as the standard of living had gone high and would not go down when allowances given for special reasons are discontinued, and that even according to the Report of 1930 of the Special Enquiry Officer (Mr. M. A. Srinivasan) Rs. 25 per month would be the minimum wage that should be paid to a worker on the Field, and that conditions had changed considerably since and increased the cost and standard of living and that a Surface worker should be paid now, in he present state of things, a minimum basic wage of at least twelve annas a day, and that, for an Underground worker, the minimum basic wage should be at least fourteen annas a day. The Managements replied that both the India Government and the Madras Government had considered that in view of the present unsettled and fluctuating conditions, this is not the proper time to go into the question of fixing the basic wages, just at present, and that the gap may be filled up by adjusting Dearness Allowance. The Managements added that the present demands would mean an additional expenditure of not merely one lakh of rupees as stated by the labour representatives but 20 lakhs of rupees, per year. The Labour Representatives stated that if the principle of increasing the basic wage is accepted by the Managements, the details may be settled by mutual consent. It was also urged by Mr. K. Chengalaraya Reddy that acceptance of their present demands by the Managements would not, after all, affect materially the net profits, of the Companies as the main portion of the profits, to the extent of 75 per cent are being surrendered to the Government by the Companies in the shape of Income-tax, Super-tax, etc., and that if the Companies gave an increase in the basic wage, as demanded, it would not seriously affect their financial position, especially now as the Gold Duty Amendment Act was passed, whereby the Companies could claim relief from Government. The Managements argued that the price of gold was going down, and that, in the present uncertain economic conditions, it was very difficult to consider the question of increase in basic wages.

9. The Labour representatives desired information and figures from the Managements on several particulars, (as in the form given by the Associations), about these items, *viz.*, the details of existing classes of employment, the total number of workers in each class, the basic wage rates, scales and grades, in respect of both Underground and Surface workers; the number of workers with their years of service, total wage bill for a specified month in each of the years 1943-44, details of the several items for the year 1943, month by month; information regarding promotion given, increments in basic wage effected in the year 1943 (under different headings and classes); information about total capital invested, and details for the years 1937 to 1944, year by year, under working costs out-put value, profits, dividends, reserve and depreciation funds, wage bill for workers and for clerical and supervisory staff, average price of gold in India; total amount paid by way of service gratuity, compensation, etc., for the years 1921 to 1944, year by year; total costs incurred for providing housing facilities, etc., for the years 1931 to 1944, year by year, etc. They desired information on all these items in order to enable them to study the exact conditions at present and to discuss and argue their demands. The Managements stated that it would involve great labour and much time to collect information and compile statements on all these particulars and that many things therein had no bearing on the present question, and that they (Managements) would furnish information on the relevant and necessary points, as far as possible, if the exact requirements are intimated by the Associations. The Labour representatives then gave a modified list of items on which they wanted information from the Managements. The Managements furnished to the labour representatives the information and figures, available on hand, *i.e.*, a statement of average cost per man, based on four months costs, January to April 1945, in respect of each Mining Company. These statements showed figures under average monthly cost (per man) and average cost per man shift (under surface and underground), Contract and Company Labour, in respect of (*a*) average shift per month, (*b*) payments in hand (under wages Attendance Bonus, Dearness Allowance, Leave pay and other items), (*c*) items of insurance nature (under sick pay, Medical Establishment, Service Gratuity and other items). (*d*) statutory allowances, together with information as to the actual number of men on roll (average for four months), number living on the Mines, etc. According to the statement, the total average monthly cost per man, working for example in the Oorgaum Mine, came to Rs. 40, and annas 2·63, out of which he received total payments in hand of Rs. 31, and annas 9·52, the wages amount being Rs. 17, and annas 5·05. The Managements agreed to furnish whatever other information was possible and necessary.

10. In regard to the point raised by the Labour representatives regarding schedule of wages, the Management stated that a Committee had been set up to examine the wage schedule and that the schedule would be published and that any settlement that may be arrived in the course of these conciliation proceedings would also be incorporated therein. The Managements added that they were collecting statistics about wages, etc., obtaining in other Industrial Concerns, for purposes of comparison. The labour representatives argued that there was no similar or comparable Mining Industry in the State and that the conditions in the Kolar Gold Field, Gold Mining Industry are of special nature with much risk to life, and cannot be compared to the conditions obtaining in other types of industries and that the full information that they had asked for was required for the discussion of the demands' The Managements stated that the question had to be examined with reference to these factors, *viz.*,:—

1 Customary and prevailing wages;
2 labour supply and demand;
3 the capacity of the industry to pay
4 value of services rendered;
5 the standard of living.

11. At this stage both sides wanted a short adjournment. The Managements stated that they would depute their Labour Officer to several important Industrial Concerns in the State to collect statistics of wages and conditions. The Labour representatives stated that they would also collect statistics from other concerns. The proceedings were thereupon adjourned to the 4th October.

12. On the 4th October and the subsequent date, the proceedings were continued. The Labour representative wanted to know if the Managements had collected the statistics about wages, etc., from the several Industrial Concerns and compiled the information on the items asked for, on the previous date, and, if so, that may be placed on the table. The Managements stated that their Labour Officer who had been deputed to collect the statistics had returned only the previous day, and that it would take some time to tabulate the information collected, and that the information asked for, in the modified list, had no bearing on the notice of change and that the statement already given by the Managements to the Labour representatives contained all the relevant information required for the purpose. The Labour representatives contended that what they had asked for had a bearing on the notice of change, as the notices of change demanded fixing of minimum and maximum wages, for which information on classification

of labour was essential, and that, if the Managements contended that present system of wages is working properly and there are people who are getting more than Rs. 2 per day, the Associations on the other hand, would show that there are many labourers who have not obtained increments for some years and that a good number of workers are still getting only nine annas, ten annas and eleven annas a day, from a long time, and that further, that information would enable the Association to know the financial implications in the demands made. Mr. Morrison, on behalf of the Managements, suggested that the general standard of wages obtaining in the Kolar Mines and in other Industries may be examined. Mr. Govindan stated that the Association had also been collecting statistics on these points and that the wages paid by the Mines do not compare favourably with the wages obtaining in the Hindustan Air Craft at Bangalore. The Managements pointed out that the Hindustan Air Craft cannot be compared with the mines and that the employment in the Hindustan Air Craft was of a temporary nature, and that in some cases, the Kolar Mining Companies were also paying Rs. 1-10-0 and even more per day and that the average earning of a labourer here worked up to Rs. 33-10-0 per month and cannot be said to be low. The Labour representatives urged that to arrive at the average cost and the minimum basic wage rates, what should be taken into account are the capacity of an average worker, his family budget and his mode of living, and that the Medical and such other expenses incurred by the Companies in the interest of the Mines should not be taken into calculation in this respect. They (Labour representatives) said that the Associations had collected certain statistics regarding the cost of living of a few families on the K. G. F. and studied the question. A detailed statement of Family Budget of a family with 3 adults and 2 children was filed. According to that, the monthly earnings and expenses came to Rs. 41-10-0 and Rs. 68-4-6, respectively, showing a deficit of Rs. 26-10-6, per month. The Labour representatives suggested that these figures should be taken into calculation in fixing the basic wages of a worker here. The Managements contended that much weight cannot be placed on that statement of family budget, as certain items of expenditure shown therein (*e.g.*, Rs. 6 on spices and salt per month) had been put up very high, and that, above all, it cannot be believed that the family is managing every month with a deficit of Rs. 26 per month and is going into debt or would get loans, every month. The Labour representatives stated that, any way, Rs. 68-4-6 represented the average monthly cost of maintenance now, and that the cost of living in K. G. F. has greatly increased by 2½ times from what it had been estimated (*i.e.*, at Rs. 25 a month) in 1930 in the report of the Special Enquiry Officer, and that the wages that the labourers are getting now are more or less the same as them. The Managements observed that there are a large number of workers on the Field, living on Rs. 20 per month, and contended that the minimum wage rate would depend upon the factors of the nature of service, and the capacity of industry to pay, and that other points like standard of living would come next.

13. The Labour Representatives referred to the statement furnished by the Managements showing the average monthly cost per man, and wanted to know if the average monthly wages of about Rs. 18 could be considered as adequate. The Managements stated that, by way of supplementing the wages, they were paying Attendance Bonus and Clothing Allowance, and also giving other benefits. The Labour representatives observed that it was quite necessary to raise the basic wages taking into consideration both pre-war standard of living and the present standard and that the payment of other allowances was necessitated by special considerations and should not be taken into account in determining the basic wage.

14. The Managements remarked that the allowances paid and the facilities provided to the labourers meant also much cost to the Companies and cannot be ignored, and that a payment of Rs. 32, in all, per month including allowances, to a labourer cannot be said to be inadequate, as compared with payment made in other industries. The Labour representatives referred to the statistics collected by them in respect of the Mysore Iron and Steel Works, Bhadravathi, and stated that there in Bhadravathi, an unskilled labourer gets from twelve annas to Rs. 1-2-0 per day and a skilled labourer Rs. 1-4-0 to Rs. 3-0-0 per day. Mr. Lindsay for the Managements compared the figures, item by item, and stated that the Kolar Mines were giving greater facilities and higher payments to the labourers.

15. A lengthy discussion followed as to the data required in respect of the demand for higher wages. The Labour Commissioner observed that collection of data was very important and necessary for a proper consideration of all the questions involved in these demands. He suggested to the Labour representative to collect authentic wage rates in other industrial concerns and he offered to provide them with necessary facilities for the purpose. The Managements stated that they would collect further statistics about wages and conditions, etc., in some more industrial concerns and that they had no objection if the Labour representative accompanied their representative for the purpose.

16. After further discussion, the Labour representatives stated that there was no use in arguing on the wage level prevailing elsewhere, and that what they wanted was an increase in basic wages with all the existing facilities. The Managements stated that for considering the question from all points of view, the conditions in other concerns have to be studied and data collected, and that some time was necessary for the purpose. The Labour representatives suggested that the Wage Schedule for 1940-42 of the Mining Companies which had been prepared on certain basis may be adopted as the basis for revision, with reference to the present standard of living, etc. They said that there was no need to collect statistics on wages in other concerns and that no adjournment was necessary. The Managements stated that it would not be a proper approach and that it is quite essential to collect and consider the basic wages prevailing elsewhere, in order to judge the issue on the present demands, and that, besides, other factors such as, standard of living, prevailing wages of the workers, capacity of the industry to pay, and the demand and supply of labour should also be taken into consideration in arriving at a decision on the demands, and that some time was really necessary for this purpose and that the proceedings may be adjourned to a later date. The Labour representatives said that they were not agreeable to an adjournment asked for by the Managements, and that the proceedings may be terminated as failure, if the Managements cannot concede the demands now or at least announce immediately a general increase of wages without prejudice to the notice of change. The Managements said that no announcement could be made immediately, that they are still considering the demands, and that some time is needed to examine the issue in all aspects and give the decision in the matter, and that an adjournment may be granted to enable the Managements to come to a decision. After further discussion the Labour representatives said that they could not accept this position and agree to an adjournment, and that they pressed the demands in the notice of change and that the proceedings may be terminated as having failed.

17. As (*a*) the Managements had not refused the demands but only wanted time for examination and decision, and (*b*) there was still scope for settlement by the grant of an adjournment asked for, and (*c*) under Rule 22 of the Labour Rules, adjournment of the proceedings to a date within the prescribed period is allowable, and (*d*) there was still time left till the end of this month (October), I held the proceedings could not at this stage be treated as having failed and that an adjournment could be granted. The proceedings were accordingly adjourned to the 29th October.

18. On the adjourned date (29th October) and the next day, the proceedings were resumed and continued.

19. Mr. Bonn White, on behalf of the Managements read out a Note, (subsequently filed and copies handed to the Labour representatives) in which it was stated thus :—"The statements (showing the comparison in the wages structure between the Kolar Mines and other Industries in the State) are now complete and are being carefully examined. From the first study of the figures collected, it would seem that wages paid by the Mines compare favourably with other industries..... With regard to the Notices of change which have been (since) issued to the Mines' Management, but which have not yet come before the Conciliator, it is the opinion of the Managements that a satisfactory settlement could be arrived at by a consideration of these demands as well as the question of increase in wages. The Managements consider that some of the demands are beyond the capacity of the Mines to grant, but others they may be prepared to meet in some degree. Any new or revised schemes for the improvement of the service conditions on the Field demand a great deal of discussion and consideration by the Managements and, above all, any improvements in service conditions have to be examined most carefully from the financial stand-point. It is the earnest hope of the Managements that the Associations will co-operate by exercising patience and promoting peaceful relations between the present time and the announcement of any changes which the Managements may be able to introduce. The financial implications of the changes, now being considered by the Managements make it imperative that due time

shall be available for their full and earnest examination..... It is, therefore, the considered opinion of the Managements that Conciliation proceedings had best be suspended until they are in a position to announce whatever concessions to their employees they are prepared to introduce."

20. The Labour representatives stated that they were not agreeable to any further adjournment or any suspension of the proceedings as the labourers were anxiously waiting for a settlement without further delay. They said that the matter may be discussed on the statistics since collected.

21. As desired by Labour representatives, a statement of comparison of Mines, Field and other Industries, showing the wage structure, earnings and other benefits per shift, in each, under, "Direct payments," "Special Allowances," "Services" "Men on Roll", "Shifts worked" and "Average Shifts per man," was given to each Labour representative, and was also filed for record. There was discussion on the comparative figures in the statement. Finally, the Managements stated that they were going through the whole issue and that their decision would be announced in about a fortnights' time and that the proceedings may be adjourned by a fortnight.

22. As the prescribed period to conclude the proceedings would expire by the close of the next day (30th October), it was not, possible, under the Act and Rules, to adjourn beyond the next day, unless the other party (*i.e.*, the Labour Associations) agreed to an adjournment beyond that period. The Labour representatives, after discussing and taking about 3 hours time, filed a written statement by way of a reply to the Note of the Managements and stated that an adjournment would not satisfy the labourers, and they cannot agree to it and that, "in these circumstances, the Conciliation will end in a break but we can assure the Superintendents that on our part we will always be ready to discuss with them any new proposals that might be made by them for the amelioration of the situation even if the proceedings have ended in a break."

23. The Managements assured their earnest and sympathetic consideration of the demands as far as possible and promised to announce whatever concessions they are able to grant, and desired a fortnight's adjournment to enable them to announce their decisions. They added that they had already accepted the principle of minimum and maximum wages and had no intention of departing from it and that, as regards the point of periodical increments, they were considering other ways of granting increments.

24. In view of this assurance of the Managements and of the chances of a settlement; and of the aim of the Conciliation proceedings being to bring about an amicable settlement between the parties, it was suggested to the Labour representatives that they may consider it over. The Labour representatives stated that they had considered and could not agree to an adjournment asked for by the Managements, but would continue to maintain a good atmosphere even after break, till the decisions are announced and would be prepared to discuss the subject with the Managements. In the end, when asked to consider it over again as to the request of the Managements for adjournment, they (Labour representatives) said they would consult the labourers further and intimate on the next day. Time was accordingly given, and on the next day, they came and intimated finally that the labourers were not for an adjournment and that the proceedings may be terminated.

25. Thus the request of the Managements for an adjournment beyond the prescribed period was not agreed to by the Labour Associations. All possible ways of settlement were explored, but no settlement between the parties within the prescribed period could be brought about in regard to the Notices of change.

26. So, the proceedings ended in failure, which I hereby report.

27. I request that this report may be published in the Gazette, as required under sub-section (4) of section 12 of the Mysore Labour Act.

I have the honour to be,
Sir,
Your most obedient servant,

2791 M. NAVANEETHAM, *Chief Conciliator.*

To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed form and every case will be duly investigated by a Special Revenue Inspector. There will be a check of the Preliminary Record by the Amildar or other officer specially authorised by the Commissioner for Settlement and Land Records or by the Deputy Commissioner, in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Records of Rights.

4. All persons interested in the land are required to render every reasonable assistance to officers of the Department of Land Records when they come to a village to measure the hissas and to conduct enquiries in cases disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer, engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of the Land Revenue) besides depriving them of the advantages enumerated above. The officer to whom any information is furnished or before whom any documents are produced in accordance with the requisition will give a written acknowledgment therefor in the form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him a note under signature stating the fact of its production and the date thereof.

CHIEF SECRETARIAT

Dated 10th December 1945.

No. W. 1096—W. 1-45-25. The following Government of India Commerce Department Press Communiques dated 3rd and 15th November 1945 relating to private trade in Denmark and Indo-Burma Trade are re-published for general information.

3822 V. VEDAVYASACHARYA, *Chief. Secy.*

PRESS COMMUNIQUE.

Private Trade with Denmark.

Denmark is no longer enemy territory under the Defence of India Rules.

Persons and concerns in India may now carry on private trade with persons and concerns in Denmark, subject to the existing export, import and financial Regulations in force.

Commerce Department.

New Delhi, November 3rd, 1945.

PRESS COMMUNIQUE.

Indo-Burma Trade.

DUE SHARE FOR INDIA TO BE SECURED.

With the liberation of Burma, Enemy Trading Regulations no longer apply to that territory. Business and financial correspondence is now permissible subject to the Postal Regulations issued from time to time.

As regards trade in and with Burma, the Government of Burma have issued the Timber Project Order, 1945, with a view to controlling the extraction, conversion and marketing of forest produce in Burma and the Civil Supplies Order 1945, for the management and control of the distribution of essential supplies to the civil population of Burma. Control of rice, edible oils (groundnut and sesamum), pulses, cotton, salt and sugar and regulation of imports and exports are also planned.

These measures are intended to reconstitute the industries in Burma so as to ensure smooth return to normal conditions.

The Government of India are in touch with the Government of Burma with a view to securing for Indians their due share in the business both during the transitional period and when normal trade relations become possible.

Dated 10th December 1945.

No. P. 4010—Pol. 17-45-2. In exercise of the powers conferred by sub-section (7) of Section 7 of the Cinematograph Act (Act XII of 1923), the Government of His Highness the Maharaja are pleased to direct that the film entitled "Objective Burma", certified by the Bombay Board of Film Censors shall be deemed to be an uncertified film in the whole of the Mysore State.

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

No. C. C. 47—44-45 *and C. C*1 & 2—45-46, *dated 3rd December* 1945.

From

M. Navaneetham Naidu, Esqr., B.A., B.L.,
Chief Conciliator in Mysore.

To

Mohamed Ismail Sheriff, Esqr., B.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
General Department,
Bangalore.

SIR,

I have the honour to make the following report under Section 12(4) of the Mysore Labour Act, relating to a dispute between The Minerva Mills Labour Association, Bangalore City, and the concerned Mills Management, in regard to three Conciliation Cases on separate Notices of Change given by the said Association putting forth several demands as stated below:—

I. *Conciliation Case No.* 47 *of* 1944-45.

Four Demands, *viz.*, (1) that the Management should recover the subscriptions of the Association members from their wages, or provide other facilities to the Association for collection of subscriptions; (2) that the Management should grant two more holidays to the workers; (3) that the Management should provide medical facilities for the workers; and (4) that the Management should make arrangements for supplying milk and also clothing to the children and for providing a play-ground for the children.

II. *Conciliation Case No.* 1 *of* 45-46.

Five Demands, *viz.*, (*a*) that the Management should enhance the basic wages of the workers, (*b*) that the Management should increase the number of days of Privilege leave to the workers; (*c*) that the Management should grant sick leave to the workers; (*d*) that the Management should send to the Association copies of all notices put on the Notice Board of the Mills; and (*e*) that the Management should grant extra payment of allowance to the night shift workers.

III. *Conciliation Case No.* 2 *of* 1945-46.

Five Demands, *viz.*, (i) Starting of a Trust Fund, called a the Minerva Mills Labour Welfare Fund; (ii) Change i the Standing Order No. 20; (iii) Instituting a Provide Fund for the workers; (iv) Abolishing the distinction amon the employees as permanent 'A' and permanent 'B'; and (v Granting Dearness Allowance to workers while on leave.

(2) The President of this Labour Association gave to t concerned Mills Management three notices of change, one respect of each of the above-referred cases, desiring seve changes on the issues noted above and set out below. The are in all fourteen items of demands. As the Managem did not agree to these demands and as the Assistant Comm sioner of Labour, Bangalore Division could not bring about agreement between the parties, the Commissioner of Lab referred these cases to this Office for initiating conciliat proceedings, under Section 10 (3) of the Labour Act.

(3) The cases were accordingly registered and intimat to the parties were issued for hearing. I held conciliat proceedings at Bangalore on two days (the 26th and November 1945) and discussed the several items of dema The Management was represented by Mr. D. D. Kale, La Officer of the Mills, while Mr. N. Keshava Iyengar, Pres of the Association, represented the Association. The A tant Commissioner of Labour, Bangalore Division (Mr. A Azeem) was present throughout.

(4) These three cases were taken up together for conciliation proceedings, the parties being the same and having no objection thereto. The several items of demands were considered one by one and discussed fully on both sides.

5. *Conciliation Case No.* 47 *of* 1944-45.

Demand No: (1) *Re*: providing facilities for collection of subscriptions from the members (workers) of the Association.

This demand is stated by the Association in the Notice of Change, thus :—

"Since the very foundation of all institutions is based on its financial strength, and the very existence and working of the Association depends on the enlistment and collection of the ordinary membership fee of a paltry sum of annas two only per mensem, and the number of members is very huge, and in the absence of any definite provision for their residence, they happen to reside in widely distributed areas, and several other similar institutions are provided facilities for the basic requirement of a healthy existence of the institution, the Association desires the Management to recover the subscription of the members of the Association themselves as they do several other recoveries from the wages of the labourers in monthly or bi-annually, or even annually, from their wages, or provide any other facilities for the collection of the legitimate demand of the subscriptions in any manner that suits the Management, without detriment either to their own interest or that of the Association, and in a way best fitted for the healthy growth of the institution."

The Association President explained this demand and its object, and stated that the Management should help the Association by collecting on behalf of the Association, the subscriptions from the members, from out of the wages, at the time of the disbursements, and hand over the money to the Association; and that, if it is not possible to collect every month, the Management may do the collection, once a quarter or half-year or even once a year and, if desired, the Association would meet the expenses that would be incurred on this account by the Management; or that in the alternative, the Management may provide the Association with necessary facilities for the collection and that the present restriction under which the Association representatives cannot make the collection from the workers, within the mill premises may be removed. He added that the stand, taken by the Management, under the Standing Order No. 21 (7), regarding such a thing as misconduct would not be correct and that in the Bhadravati Iron Works, and in the Bangalore Transport Co., facilities for collection have been provided by the Managements concerned to the Labour Associations.

In reply, Mr Kale, the Management Representative, stated to this effect. On principle the Management is not in favour of this demand, since they (Management) hold the view that the workers should exercise their right without being hampered by outside influence. This is mainly an internal affair of the Association and, as such, the Management do not wish to associate or interefere. The analogy of the Bhadravati Iron Works and the Bangalore Transport Company, does not hold good, as conditions there are entirely different from those here. Further, the Management's experience of the working of this Association is not happy. The Management have considered this matter a number of times, and see no reason to re-consider or revise their view and concede this demand.

All the aspects of this matter were discussed in detail on both sides. Still the parties did not come to any settlement. The Association President pressed the demand; but the Management representative regretted that the demand could not be agreed to.

Demand No. (2)—for grant of two more holidays, one day for Shivaratri and half day for Mahalaya Amavasya and half day for Sri Rama Navami.

After discussion, it was pointed out to the Association by the Management representative that for Shivaratri festival, a full holiday is being granted since last year in place of Holi Feast, as per agreement arrived at and registered, and that as the number of holidays already allowed, *viz.*, 10½ is more than what is allowed in similar concerns in Bangalore, it is not possible to increase the number of holidays and that the request for other festivals could be considered if the workers agree to forego an equal number of sanctioned holidays or to work on Sundays so that the number of working days may not be affected.

The Association President, after further consideration, said that he would not press this demand and that this may be treated as withdrawn. So this demand is withdrawn by the Association.

Demand No. 3.—*Re* Medical facilities to workers.

This demand is stated in the Notice of Change, thus :—

"That, whereas the medical aid now provided is far from being proper, sufficient and satisfactory, it is desired the Doctor in attendance be called upon to be on duty and available at the Mills during the whole time the Mills are kept working, and that, as the number of females working in the Mills is large, a lady Doctor be also provided for, with all necessary facilities and both the Doctors be employed departmentally by Government and subject to the control and supervision of the Government and the cost of maintaining such Doctors and establishment be met by the Management".

The Association President stated that the present arrangement of a part-time Doctor for two mills (Minerva Mills and Maharaja Mills) is not adequate or satisfactory, and that a full-time Doctor for the Minerva Mills alone is necessary, in order that the workers may have medical facilities at all the working hours.

The Management Representative explained what were the various arrangements now in existence for providing medical facilities both for men and for women workers, and what special facilities have been provided for treatment of serious cases, both in the Victoria Hospital and in the St. Marthas Hospital. As such he said that the medical facilities that have been provided by the Mills are ample and are even more than those provided in other factories, and that the demand does not at all arise and cannot be accepted.

After further discussion and explanation, the Association President said that he would still press the demand. The Management said that it cannot be accepted. So the parties did not come to a settlement in this respect.

Demand No. 4.—for supplying milk and clothing for the children and providing play-grounds for children.

The Notice of Change states this demand thus.—

"That, whereas ladies with children are at work in the mills and the arrangement for the caretaking and protection of the kids is not sufficient, it is desired that suitable arrangments be made for the supply of milk and also clothing for these kinds, and a children's play-ground be provided for them as well."

The Association President explained this demand and stated that there are about 25—30 children put in a place in the Mill premises without sufficient arrangements for taking care of them and that better arrangements should be made in the interests of the children who would be the future workers and that arrangements may be made for the supply of milk by the Municipal Agency and that the Association is even prepared if permitted to supply milk to the children.

The Management representative explained the arrangements at present and the proposals under consideration of the Management in this respect. He stated that the Management have at present provided a separate place for keeping the children and have also given cradles, mattresses and also an ayah to look after the children and that the mothers come and feed the children. He added that the Management have under consideration a special scheme in this connection to provide with a nurse, milk supply arrangements, etc. The Association President wished to know when the proposals would materialise. Mr. Kale assured that the matter was under active consideration and may be expected to materialise early within six months. On this assurance the Association President withdrew this demand.

(6) *Conciliation Case No.* 1 *of* 45-56.

Demand No. (*a*)—for enhancement of basic wages. This demand runs thus in the Notice of Change.—

"In as much as the rate of wages of the labourers in the Mills is rather low, compared with the quantity and nature of the work done by the labourer, and whereas the prevailing rates for similar work in similar institutions are comparatively very high, and whereas the cost of living is very high, and whereas the labourer gets very high wages even for ordinary coolly work outside, and he is tempted to stray away to the other kinds of work, the Association intends to request the Management be pleased to enhance the wages of all labourers to twice the sum that is now being given as wages."

The Association President explained this demand and stated that this referred only to the basic wages and that the basic wages in this Mills are low and remain the same ever since the commencement of Mills about 24 years ago, and that the standard of basic wages is very low. He cited the following figures in this connection:—

Spinning Department.

Hours of work : 9 hours.

Wage Scales : Only four annas per day, with annual increment of six pies per year, going up to eight annas. Only 4 persons are getting Re. 0-9-9 after 17 to 18 years of service. In other Mills (for example Binny's), for the same nature of work, the starting wage level is higher with better scales of increment, going up to thirteen annas. Hence revision of basic wages with better incremental scales, *i.e.*, at double the present rates and scales in this Mill is necessary, particularly as the Mills are now making enormous profits.

Weaving Department.

The Labourer gets only Re. 0-3-11 per day per six pairs of panches of 4 cubits woven by him ; Re. 0-7-3 per six pairs of 7 cubits; and Re. 0-7-9 per six pairs of 8 cubits. Each panchey is selling at Re. 1-0-0 for one of 4 cubits ; at Rs. 1-2-0 and Rs. 1-6-0 per panchey of 7 cubits and at Rs. 2-8-0 per panchey of 8 cubits. These are pre-war rates, the present rates being much higher.

For weaving shirting of 24 yards, a labourer gets Re. 0-3-6 per day, while the T. R. Mills, Bangalore, pay 5 annas, and Binny's even more.

Mr. Kale for the Management explained in reply, the position as follows. The question of wages is not so simple as it appears. A comparison of the wages herewith the Binny's cannot be made, as the conditions are not at all similar. When a comparison is made, the two things compared, should be similar. In Binny's the nature of production, the type of machines, the work done by each workers, etc., are entirely different from the system of conditions obtaining here (Minerva Mills). The Binny's are pre-eminently a Fine Count Mill (manufacturing suitings, shirtings, etc., of fine counts), while this Mill is mainly a Coarse Count Mill (making bed sheets, long cloth, dhoties, etc.). So no comparison is possible between these two mills. From the point of view of employer it is the labour cost per unit of production, that has to be considered in fixing the rates of wages. As the production in this mill is entirely of a different nature, the labour cost cannot be compared with that in Binny's. A weaver in Binny's works 3 or 6 looms and gives a greater output than a weaver here who works only one or two looms. The conditions and nature of work here are much similar to those in Krishparajendra Mills, Mysore and the Sri Krishna Weaving Factory, Bangalore. Compared with these two mills, the present demand cannot stand. The point is the production should be of a similar nature. All these things had already been explained to the Association during the preliminary talks.

As regards the figures cited by the Association, Mr. Kale stated what exactly was the actual position. The figures referred to by the Association in regard to the present basic wages for the Spinning Department referred to only for Doffer Boys and to only one section of the Spinning Department. The wages (starting as well as increments) for adults are far more. What was stated by the President would apply only to one occupation, *viz.*, Spinning (of the Spinning Department). There are several occupations in the same Department with higher wages and better conditions. As regards the Weaving Department there are more than 300 sorts of weaving cloth, of which the President has quoted only three. The point to be noted is that the Weaving charges are not the only item for calculating the cost price or even the cost of labour, but only one of the several items, such as cost of raw materials, and of many processes such as spinning, carding, etc. The T. R. Mills is only a weaving mill and there is no spinning. He added that the weavers of T. R. Mills came to the Mills here (Minerva) in a large body when night shift system was started and that this shows that the earnings of the weavers here are more than those in the T. R. Mills. The point is, the average earnings of a piece worker per day is to be compared, if at all a comparison is to be made. The wages here compare very favourably with those in the Mills turning out similar types of production. As such the present wages and scales call for no revision.

Mr. Kale pointed out that the enormous profits of the Mills as referred to by the Association are only of a temporary nature, and as such the Management can only give a temporary relief; but not touch the basic wages. As for the temporary relief, the Management has given in an ample measure, in the shape of War Bonus, for all these four years, the first three bonuses being one month's wage and the last bonus being one and half month's wage. In addition to these the Management have given a temporary wage increase of five per cent under the Arbitration Award, with effect from 1st December 1943 till the end of War (September 1945). If the demand of the Association is made on account of high prices and increased cost of living, the Management's reply would be that a Dearness Allowance calculated on the Bangalore cost of living index published by Government from time to time has been granted to the workers and that the rate here is the same as in the Binny's and the highest in any of the industrial concerns in the State.

For all these reasons, Mr. Kale said that the Management saw no justification to enhance the basic wages and that this demand is not acceptable. In this connection it was also pointed out for consideration whether in view of the prevailing uncertain and fluctuating conditions and also of the current opinions in industrial concerns elsewhere, this would be the proper time for taking up the question of permanent enhancement of the basic wage.

Finally, after much discussion on this subject, the Association President pressed the demand, but Mr. Kale for the Management regretted inability to accept it.

Demand No:—(*b*) regarding grant of Privilege Leave.
Demand No:—(*c*) regarding grant of Sick Leave.

These two items of demand were taken up together for consideration, being practically of a similar nature, as suggested by the parties. These demands are stated as follows in the Notices of Change:—

Privilege leave:—

"That the privilege leave, that is leave with full pay, granted to the permanent employees of the Mills at present is insufficient, the period of such leave be extended to one month."

Sick leave:—

"That labourers who fall silk and are consequently unable to do their legitimate duties for no fault of theirs are put to undue hardship and trouble to attend to their comforts during that period and they have no other means of existence and whereas the well being of the labourer is also the prime concern of the Management as well All labourers who fall sick and produce medical certificates be granted sick leave on half pay for not more than three months in the year."

In explaining these demands the Labour representative stated that the seven days' privilege leave now allowed should be raised to thirty days (that the privilege leave allowed in the Vegetable Oil Products' Co., Bangalore is thirty days and in the Binnys fifteen days, and in the Bhadravati Iron Works fourteen days) and that similarly as there is now no sick leave, Management should allow three months' sick leave with half pay, in the interests of the labourers.

In reply Mr. Kale for the Management stated that this cannot be accepted for the following reasons:—

(1) In view of the various privileges and concessions already granted to the workers as a whole, the present privilege period cannot be increased;

(2) that in addition to the seven days privilege leave now granted the Management have allowed some concessions (such as Gratuity Fund and Bonus) which have not been allowed in other concerns where more privilege leave is given;

(3) that no comparison can be made item by item; but the position as a whole has to be considered;

(4) that the same arguments would hold good in regard to the demand for sick leave.

In these circumstances, Mr. Kale said that the Management are unable to accept these items of demands.

Finally the Association President pressed the demand but the Management representative said that it cannot be accepted.

Demand No:—(*d*) *Re* sending to the Association copies of the notices put on the Notice Board of the Mills to the Association.—

The Association President explained the need for this demand and stated that in order that the labourers may be educated, and that the purport of the notices in english language may be made known by the Association to the labourers, it is necessary that the Management should send to the Association copies of the notices put on the Mills Notice Board.

In reply the Management Representative explained that all notices put on the Mills Notice Board are both in English and Kannada and that the Management are sending copies of the Notices to the Association, in all cases where they do not refer to the routine of the Mills and that there has never been any difficulty experienced in this respect. As such he says the Management see no need for this demand, and cannot accept it.

After further discussion, the Association President pressed the demand, but the Management Representative said it is not acceptable.

Demand No:—(*e*) *Re* extra payment of allowance to night shift employees.—

This demand is, that as working at night shifts is difficult, the Management should grant an extra payment of eight annas per head, per day for every labourer in a night shift. The Association President urged that the present rate of night shift allowance of Re. 0-1-0 per head per night shift, is very low and should be enhanced to eight annas.

The Management representative replied that the rate now allowed in the Mills here is the same as that obtaining in other concerns, and that, in addition night workers get here *Tea and Iddlies* in every night shift, free of cost, and such, there is no case for raising the rate.

The matter was further discussed and finally the Association President pressed the demand; but the Management said it cannot be accepted.

(7) *Conciliation Case No.* 2 *of* 1945-46.

Demand No. (i)—Starting a Trust Fund called the "Minerva Mills Labour Welfare Fund".

This demand runs thus in the notice of change.—

"That whereas it is very incumbent and imperative and necessary in the interest and well being of the labourers to find funds for promoting their welfare and ameliorating their various sufferings and hardship, and that whereas the welfare of the labour is also the well being of the management and the good of the labour promotes the good of the Management, it is desired to request the Management to heartily and generously

co-operate with the Association in starting a Trust Fund known as the Minerva Mills Labour Welfare Fund, and request the Management to liberally and generously contribute, to any extent every year, the same amount or any lesser sum they pay towards the dividend to shareholders, and also pay into this fund all the fines and penalties levied by the Management on the individual labourers and recovered as such, as well as all unspent and unclaimed wages and all payments due to labourers and left unclaimed by them and this fund be operated by six trustees, three being elected by the Association and three by the Management and the President of the Association being the convenor and *ex-officio* trustee as well of the said fund".

The Association President, in further explaining this demand, stated that there is such a welfare trust fund in the "General and Cloth Mills Ltd.," at Delhi, though there is none in Bangalore or in Mysore, and that such a scheme is desirable and may be introduced here also for the benefit of the workers.

Mr. Kale, in reply stated that the proposed scheme is not feasible or practicable, as the Association expect the Management to finance the scheme by contributing funds in several ways and that the Delhi Company's example does not apply here as the conditions are entirely different. He said that the Management here were giving in the form of cash bonus, while the Delhi Co., is giving no such bonus, but only contributing some money for the Trust Fund. He stated that, in addition to existing facilities, it is not possible to contribute to the proposed Trust Fund and that unclaimed wages are very little and almost negligible and that, that whenever persons come forward and claim and satisfy about their identity, the Management have given them the unclaimed amounts even after the expiry of the time limit prescribed in the Standing Order, and that in many cases the Management have even sent the unclaimed amount by post. As regards the amount realised in the shape of fines and penalty, he stated that it was credited to an account 'Dharma Account' and utilised for providing medical and welfare facilities for the labourers. He added that contribution equal to the amount of dividends payable to the shareholders is not possible, and further the shareholders would not agree as it would effect dividends. Further he said that out of the profits, a handsome amount of about two lakhs of rupees is earmarked for building a labour colony.

After further discussion, the Association President pressed this demand; but the Management said it cannot be accepted.

Demand No. (ii)—Change in the Standing Order No. 20. This demand is that in this Standing Order, the words "without assigning any reason" be omitted and the words "after enquiry with due notice to the Association and assigning sufficient and proper reason," be inserted instead.

This is proposed on the ground that the Standing Order as it is causes much hardship and inconvenience to the labourers and is likely to be abused.

Demand No. (iii)—Instituting a Provident Fund for the workers. The Association demand that one anna per rupee be withheld from the wages due to the labourers and a similar sum contributed from the Mills, and that both the sums to be credited to this account.

Demand No. (iv)—Abolishing the distinction among the employee as permanent 'A' and permanent 'B'.

Demand No. (v)—Granting Dearness Allowance to workers while on leave. The Associatien states that "it is very necessary and desirable to refrain from effecting any cut or deductions from the Dearness Allowance, whenever the labourer goes on leave with permission."

These four items of demand were each urged by the Association President as necessary. But the Management Representative stated that these demands are not acceptable, as there are no good grounds. The former pressed these demands; but the latter said, the Management could no accept them.

(8) All possible ways of settlements were explored, but the parties did not come to a settlement in regard to the above demands, except the two demands [Nos. (2) and (4) of C. C. 47—44-45, which have been withdrawn]. Thus, of the fourteen demands in these conciliation Proceedings, all excep these two demands have been pressed by the Association but not accepted by the Management. So, the parties did not come to a settlement in regard to the twelve demands, *viz.*, two *i.e.*, Nos. (1) and (3), in C. C. No. 47—44-45; and all the five demands in the C. C. No. 1—45-46, and all the five demands in C. C. No. 2—45-46.

(9) The conciliation in regard to these twelve demands, thus ended in failure, which I hereby report.

(10) I request that this report may be published in the Gazette as required Sub-section (4) of Section 12 of the Mysore Labour Act.

I have the honour to be,
Sir,
Your most obedient servant,
NAVANEETHAM,
Chief Conciliator.

No. S. R. 2423 L. W.—70-45-2. Under Section 12 (4) of the Mysore Labour Act, XIII of 1942, as amended from time to time the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the undermentioned report of the Chief Conciliator in Mysore regarding the failure of the conciliatory proceedings in a dispute between the Labour Association and the Management of the Mysore Iron and Steel Works, Bhadravati on the question of reinstatement of Mr. P. M. Subramanyam, whose services were terminated by the Management.

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

No. C. C. 3—45-46, *dated 6th December* 1945.

From

M. Navaneetham Naidu, Esq., B.A., B.L.,
Chief Conciliator in Mysore.

To

Mahomed Ismail Sheriff, Esq., B.A.,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honour to make the following report, under Section 12 (4) of the Mysore Labour Act, relating to a dispute between the Mysore Iron and Steel Works Labourers' Association, Bhadravathi, and the Management of the concerned works, in regard to the demand made by this Association, asking for the reinstatement of Mr. P. N. Subramanyam, whose services were terminated with effect from 11th May 1945, by the Management, under Rule 11 (*a*) of the Standing Orders.

(2) The Secretary of this Labour Association gave a notice of Change on the 24th June 1945, to the General Manager of the Works, under section 10 (2) of the Act, setting forth the demand, thus :—

"Mr. P.N. Subramanyam, Foreman, Electric Furnace and Steel Foundry, Mysore Iron and Steel Works, Bhadravathi, is a member of our Association and he was also a candidate for the seat of the President at the election held recently. He was served with a memo on 10th May 1945, (Ref: No. 6923) signed by the General Manager, intimating him that his services are terminated. Neither has any reasonable cause been mentioned for the termination, nor have any allegations been made against him in the memo, as per Rule 5 (i) of the Essential Services (Emergency) Maintenance Act, an employer cannot discontinue the services of an employee without reasonable cause. Since the Essential Services (Emergency) Maintenance Act. applies to the Mysore Iron and Steel Works also, the action taken by the Management is not justifiable. Hence we feel this forms an Indudtrial Dispute between the Employer and the employee within the meaning of Section 3 (10) of the Mysore Labour Act, 1942. This Association therefore requests that Mr. P. N. Subramanyam may be reinstated in his usual post with retrospective effect from 11th May 1945."

(3) The General Manager of the Works replied to the Association Secretary, by a letter dated 4th July 1945, thus :—

".....His (Mr. Subramanyam's) services have been terminated with ample reasonable cause,—continual grumbling, indifference and irregularity in duty positive mis-conduct and undependability. The action is fully in accordance with the Essential Services (Maintenance Act, and there can be no industrial dispute or cause for notice of change; (*vide* Section X Clause 14 (b) para 2 of the Standing Orders). We regret that the question of his reinstatement, therefore does not arise."

(4) The Assistant Commissioner of Labour, Mysore Division, tried but could not bring about an agreement between the parties. Thereupon, the Commissioner of Labour, referred this case to this Office for initiating conciliation proceedings under section 10 (3) of the Act.

(5) The case was accordingly registered and intimations to the parties were issued. The hearing was first fixed for the 27th September 1945, at Bangalore, and the Association Secretary in his letter of 21st September 1945, acknowledged the intimation and stated that the Vice-President and the Secretary of the Association would attend the proceedings on that day at Bangalore. Subsequently *i.e.*, on the 22nd September 1945, the Vice-President sent a letter asking for a change of the date of hearing. A reply was sent that as the case had already been specially posted, it was not convenient to adjourn the hearing. On the date of hearing, (27th September) the General Manager of the Works was duly present, and no Representative of the Association appeared or

However, in view of the previous letters of the ing for an adjournment, he proceedings were taken up on another date, suitable to all the ase was then posted to the 1st December 1945 and intimations to the parties sent. I held ceedings on that day 1st December 1945. was represented by its President, Mr. N. and Secretary, Mr. S. Honniah. On behalf of nt, Mr. M. M. Ganapathi, Chief Welfare and the Works, appeared with the connected

Commissioner of Labour, Mysore Division, ttanna), was also present.

atter was fully discussed on both sides, with relevant papers of the case. At the outset, the case, as disclosed from the records may be thus.

employee, Mr. P. N. Subramanyam, was a the Electric Furnace and Steel Foundry of the y of Rs. 110 in grade of Rs. 100—5—150. His terminated by the Management with effect May 1945, under Rule 11 (*a*) of the Standing memo of the General Manager, dated 10th May circumstances and grounds leading to the termi- services are set out by the General Manager and up as follows :—

Mr. Subramanyam) was often grousing against the regarding his seniority and increment question, reasons, though this question had been specially disposed of, and he was told about it. He that his seniority was overlooked and another Raja Gopala Iyengar) in the Section was pre- matter was examined in detail by the Works again by the Chief Welfare and Labour Officer, to the relative qualifications, experience, of these two Foremen, and it was found by there was no justification for his grievance, as pala Iyengar was decidedly the better of the two. nyam was told that if he should work hard and terest, his chances of promotion would improve. regards his complaint that increment from 1st d been withheld, it was explained to him that withholding of increment and that a general determining increment had been followed in with the re-organization sanctioned with effect ly 1943, and if, there was any injustice in his tter would be reviewed at the time of next incre- 1945.

gh all this was explained to him more than once, on continually accusing the Works Manager of d grumbling. He was advised that his chances g improvement in his work and attitude and elf worthy for preferment. He did not heed and mbling without showing any sign of better appli- ange for improvement. On the other hand, he ly worse and indifferent and negligent in work.

e was a specific charge against him that on 6th he left his shift duty (2nd shift) and went to the private work (purchase of vegetables, etc.), without rmission. The Superintendent of the Foundry plained to the Works Manager of this, and added Subramanyam) had been previously warned by ave the Furnace spot while on duty. He denied nd there was a detailed enquiry into the matter, Works Manager, and later, by a Committee of ye-witnesses who had seen him in the Old Town P.M. on the 6th April were examined, and Mr. m was given a chance to confront them and to e them. He cross-examined the witnesses and d that they were lying and the complaint was nst him. He told the Committee that he was he Plant at about 8-15 P.M. when the first melt in the Electric Steel Furnace. The Committee was not true, because the Log Book showed that mple had been taken at 9-15 P.M. Finally, the found that the charge was proved and he was

equently, there was another charge against him, of taking from the Time Keeper, the attendance extract, sent to the Time Office, falsely informing him that he was authorised by the Superintendent to do so, and then he sent it with a remark added to the effect that the employee was present for 7/8 day. A full enquiry was made in this instance also, and the charge was proved, and he was found guilty. There was ample evidence against him, and yet, he affirmed his false denial and tried to explain away his tampering of the records.

(F) His conduct in these instances was reprehensible. It showed that he could not be entrusted with responsibility. The Works Manager, taking the full history of the case into consideration recommended that "in view of the several complaints received, some of a very serious nature, against this employee, it is most undesirable to continue him in the service of the Works and that his services may therefore be terminated after giving 15 days' notice."

(G) Though in the circumstances, he deserved dismissal for mis-conduct, yet taking a lenient view of the matter, the General Manager ordered that his services may be terminated after giving 15 days' salary in lieu of notice. His services were accordingly terminated with effect from 11th May 1945, as noted above.

(H) Thus his services have been terminated for ample reasonable causes, *viz.*, continual grumbling, indifference and irregularity in duty, positive mis-conduct and undependability. There has however been no punishment but only of service termination, which is in accordance with the Standing Order 11(*a*), and which is final (*vide* Standing Order 14(*b*) para 2). There is no cause for Notice of Change, and as such the present Notice is not in order.

(8) Coming to the Conciliation Proceedings, the Association President explained the demand and stated that the Notice of Change is in order and that the Management's termination of employment of Mr. Subramanyam is not just or proper, and that the reasons given by the Management are not satisfactory or convincing. He added that this employee is not guilty of any charges mentioned by the Management and there was no proper or full enquiry into the charges. He further urged that this is a case of victimisation, inasmuch as this employee had stood as a candidate for the election of the Association Presidentship and that his employment was terminated just at that time with a view to prevent him from becoming the President. For these reasons, he said, the employee should be reinstated.

(9) In reply, the Management representative (Mr. Ganapathy) explained with reference to the papers that it was not so and that there was only a case of termination of employment with fifteen days' pay in lieu of notice, under the Standing Order 11 (*a*), without any punishment, though there was a case for punishment by dismissal for misconduct on the several charges proved against him, after a detailed enquiry, as noted above. It is not correct to say that there was no proper enquiry. The employee (Mr. Subramanyam) was given every opportunity to explain his conduct on each occasion. Mr. Ganapathy referred to each of the charges, as noted above, and pointed out the evidence against him (Mr. Subramanyam), the opportunities given to him to explain his conduct, and the finding of the enquiry on each count, and how, in spite of warnings to him, there was no improvement; but more irresponsibility in duty. His tampering of the records in connection with the charge noted above, was of a serious nature and yet he has been spared a dismissal, and there was only a termination of his services, in order that he may seek employment elsewhere. The Management contend that there is no case for Notice of Change, in the circumstances.

(10) I examined the papers of the case with reference to the several points urged on each side. It is seen that the action of the Management is in accordance with the Standing Orders and that there has been proper enquiry into the charges against Mr. Subramanyam, and that every opportunity has been given to him for explaining the charges against him. He has been heard by the Management; and his explanation has been considered on each charge. He was found guilty of the charges, after due enquiry. In the circumstances, it cannot be said that the procedure adopted by the Management is not correct and is not in order and that the termination of his services is not in accordance with the Standing Orders The question of his re-instatement could arise now, only if the Management are prepared to take him

The Management representative stated that the matter has been fully considered and the Management see no reason to accept the demand and reinstate the employee.

(12) Finally, after further discussion, the Association President pressed the demand. But, the Management representative regretted, the demand cannot be accepted.

(13) All possible ways of settlement were explored; but the parties did not come to a settlement in the matter. The proceedings thus ended in failure, which I hereby report.

(14) I request that this report may be published in the Gazette, as required under sub-section 4 of Section 12 of the Mysore Labour Act.

I have the honour to be,

Sir,

Your most obedient servant,

NAVANEETHAM,

Chief Conciliator.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Notification No. 83—*S. B., dated 25th November* 1944.

To

The Deputy Commissioner/Amildar,
Treasury Department,
All Treasuries.

Subject:—A statement of sales effected and commission paid *re* National Savings Certificates.

Sir,

I have the honour to state that Government in their letter No. F1. 2005—G. F. 157-43-52, dated 22nd November 1944, have desired to obtain prompt information from the several Treasuries in regard to the sales effected and commission paid to the Agents in connection with the sale of National Savings Certificates Scheme and forward for the information of Government a consolidated monthly statement of progress by the 15th of the month following.

2. Under the circumstances in continuation of this Office Circular Letter No. 137—S. B., dated 25th October 1944. I request that a statement of sales and commission paid to end of October 1944 may be kindly sent before 5th December 1944 and a similar statement commencing from November 1944 may be kindly sent monthly before the 5th of the following month.

3. Omission to send these statements regularly will be considered a serious irregularity of the Treasury as the Government will not be able to claim the refund of the amount of commission in time from the Imperial Government.

I have the honour to be,
Sir,
Your most obedient servant,

Sub-Division Officer.

OFFICE OF THE RATIONING OFFICER, BANGALORE CITY.

No. A4.-190-C. 1534—44-45, *dated* 19*th December* 1944.

Several instances have been brought to the notice of the undersigned wherein landholders who have imported stocks of food-grains into City limits have used up those stocks in excess of permissible quantities and have now come forward with applications explaining the reasons for such excessive consumption-reasons, which do not admit of proper verification at this stage.

2. With a view, therefore, to conserve imported food-grains into Bangalore City and control their consumption, it being necessary to obtain periodical information relating to the stock of such food-grains with the landholders, I, A. N. Anantaramaiya, Esq., B.Sc., LL.B., Rationing Officer, Bangalore City, in exercise of the powers vested in me under Notification No. S. D. 158-R1. 44-1, dated 10th July 1944 read with Clause 12 B of the Mysore Rationing Order (Food) issued under the Defence of India Rules, as applied to Mysore, hereby direct that every land holder residing within the limits of Bangalore City who has imported food-grains into City limits shall, before drawing the other rationed articles, than the adjusted foodgrain on his card, every month, file a declaration in the following form at the distributing Centre at which he is drawing rations:

1 Ration Card No.
2 Name of the Card Holder
3 Place of registration
4 Detailed postal address of the Card-holder
5 Strength of the family as on the 1st of the previous month
6 Strength of the family as on the last day of the previous month.
7 Food Grain adjusted on the card
8 Date up to which the food grain is adjusted
9 Is any surplus placed at the Rationing Officer's disposal* If so, how much.
10 Stock of foodgrain imported (Paddy/rice/ragi)
(a) On the 1st of the previous month
(b) On the last day of the previous month
11 Permit No. and date and from where imported

3. Persons in charge of foodgrain distributing centres in Bangalore City are hereby requested not to issue to any Ration Card holder on whose card any food-grain has been adjusted, any ration unless and until the above declaration relating to the previous month is filed before him. Such declarations shall be dated on receipt and forwarded to the Food Inspector of the Division concerned without delay.

A. N. ANANTARAMAIYA,
Rationing Officer.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Circular No 331—TAD. B.(ii), dated 30th December 1944.

Subject.—Instructions regarding the manner of accounting the transactions pertaining to Primary Education.

To

All the Treasury Officers.

In pursuance of Government Order No. E. 2793-94—Edn. 213-43-2, dated 2nd December 1944, prescribing the procedure to be followed in accounting for the transactions relating to the Primary Education in the State, and permitting the discontinuance of the maintenance of detailed accounts of the funds in the offices of the Elementary Education and dispensing with the countersignature of the Bills relating to the Elementary Education Funds by the Elementary Education Officers, the following instructions are issued for the guidance of Treasuries from 1st January 1945:—

Receipts.—All the receipts connected with the Primary Education, including Education Cess, which were hitherto being credited to the head "Elementary Education Fund" in the Treasury Accounts, will hereafter be credited to the remittance head "35. *Remittances-Education Department-Payments into the Treasuries*", and the receipts relating to Elementary Education Fund will be entered in a separate column to be opened for the purpose in the Subsidiary Register of Receipts (Form 107, M. C. A. C., Vol. II). For the present, the receipts may be booked in Column 10 of the Schedule (as there are no receipts under the head "13. Miscellaneous-Book Depot-Sale Proceeds of Books, Maps and other Publications") till new forms are printed with an additional column for this purpose under the head "Debt and Remittances".

Payments.—As the system of countersignature of the bills relating to the Elementary Education Fund by the Elementary Education Officers or by the Assistant Inspectors (in the case of the bills of Primary Schools in the Bangalore and Mysore Cities, and the Kolar Gold Fields Sanitary Board Area) is to be discontinued, the Establishment Pay Bills relating to Primary Schools and of the Offices of the Assistant Inspectors of Education commencing from the bills for December 1944 payable in January 1945, drawn by the concerned Assistant Inspectors or the Heads of Primary Schools in the Cities of Bangalore and Mysore, and Kolar Gold Field Sanitary Board Area will be cashed by the Treasury Officers without countersignature by the Elementary Education Officers or the Assistant Inspectors, as the case may be, and charged to the Education Lists of Payments in the same manner as bills relating to the Institutions and Offices of the Education Department proper.

(2) The chellans and vouchers connected with the Receipts and Payments, respectively, of the Primary Education accounted for as above will be forwarded to the Director of Public Instruction, Financial Branch, along with the General Accounts of the Education Department.

(3) The instructions contained in Articles 499 to 501 of M. C. A. C., Vol. II, relating to the Education Department will apply *mutatis mutandis* to all the transactions relating to the Primary Education.

(4) The Rules contained in Article 501-A, M. C. A.C., Vol. II will be inoperative after the introduction of the new procedure with effect from 1st January 1945 so far as the maintenance of accounts in the Treasuries is concerned.

(5) Since there is no need hereafter to maintain a Pass Book for the Fund by the Elementary Education Officer of the District, the need for the District Treasury to enter the Elementary Education Fund monthly transactions in the Pass Book and the preparation of Plus and Minus Memos will cease.

4206 *Controller.*

OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

Notification No. D2. 2147—44-45, dated 26th December 1944.

With a view to encourage the indigenous oil seed crushing industry which had been affected by the ban on exports of vegetable oils, and also to help the raiyats to get a fair price for their groundnut seeds, Government in their Order No. SD. 2908-C. 124-44-7, dated 25th November 1944, exempted groundnut oil from the general ban imposed on exports of all kinds of vegetable oils. This has restored the normal flow of trade in respect of groundnut oil and the oil seed crushing industry has now sufficient incentive for production of groundnut oil.

It is hereby notified for the information of the public that Hydrogenated groundnut oil and refined groundnut oil, which are required in very large quantities for State consumption and for which there is a very great demand locally, cannot be allowed for export outside the State and it should not be presumed that under the authority of the Notification of 25th November 1944 referred to in para 1 above, Hydrogenated groundnut oil and refined groundnut oil could be exported from the State without a permit.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Notification No. 83—*S. B., dated 25th November* 1944.

To

The Deputy Commissioner/Amildar,
Treasury Department,
All Treasuries.

Subject:—A statement of sales effected and commission paid *re* National Savings Certificates.

Sir,

I have the honour to state that Government in their letter No. F1. 2005—G. F. 157-43-52, dated 22nd November 1944, have desired to obtain prompt information from the several Treasuries in regard to the sales effected and commission paid to the Agents in connection with the sale of National Savings Certificates Scheme and forward for the information of Government a consolidated monthly statement of progress by the 15th of the month following.

2. Under the circumstances in continuation of this Office Circular Letter No. 137—S. B., dated 25th October 1944. I request that a statement of sales and commission paid to end of October 1944 may be kindly sent before 5th December 1944 and a similar statement commencing from November 1944 may be kindly sent monthly before the 5th of the following month.

3. Omission to send these statements regularly will be considered a serious irregularity of the Treasury as the Government will not be able to claim the refund of the amount of commission in time from the Imperial Government.

I have the honour to be,
Sir,
Your most obedient servant,

M. SHAMANNA,
Comptroller.

Circular No. 331—*TAD. B.(ii), dated 30th December* 1944.

Subject.—Instructions regarding the manner of accounting the transactions pertaining to Primary Education.

To

All the Treasury Officers.

In pursuance of Government Order No. E. 2793-94—Edn. 213-43-2, dated 2nd December 1944, prescribing the procedure to be followed in accounting for the transactions relating to the Primary Education in the State, and permitting the discontinuance of the maintenance of detailed accounts of the funds in the offices of the Elementary Education and dispensing with the countersignature of the Bills relating to the Elementary Education Funds by the Elementary Education Officers, the following instructions are issued for the guidance of Treasuries from 1st January 1945:—

Receipts.—All the receipts connected with the Primary Education, including Education Cess, which were hitherto being credited to the head "Elementary Education Fund" in the Treasury Accounts, will hereafter be credited to the remittance head "35. *Remittances-Education Department-Payments into the Treasuries*", and the receipts relating to Elementary Education Fund will be entered in a separate column to be opened for the purpose in the Subsidiary Register of Receipts (Form 107, M. C. A. C., Vol. II). For the present, the receipts may be booked in Column 10 of the Schedule (as there are no receipts under the head "13. Miscellaneous-Book Depot-Sale Proceeds of Books, Maps and other Publications") till new forms are printed with an additional column for this purpose under the head "Debt and Remittances".

Payments.—As the system of countersignature of the bills relating to the Elementary Education Fund by the Elementary Education Officers or by the Assistant Inspectors (in the case of the bills of Primary Schools in the Bangalore and Mysore Cities, and the Kolar Gold Fields Sanitary Board Area) is to be discontinued, the Establishment Pay Bills relating to Primary Schools and of the Offices of the Assistant Inspectors of Education commencing from the bills for December 1944 payable in January 1945, drawn by the concerned Assistant Inspectors or the Heads of Primary Schools in the Cities of Bangalore and Mysore, and Kolar Gold Field Sanitary Board Area will be cashed by the Treasury Officers without countersignature by the Elementary Education Officers or the Assistant Inspectors, as the case may be, and charged to the Education Lists of Payments in the same manner as bills relating to the Institutions and Offices of the Education Department proper.

(2) The chellans and vouchers connected with the Receipts and Payments, respectively, of the Primary Education accounted for as above will be forwarded to the Director of Public Instruction, Financial Branch, along with the General Accounts of the Education Department.

(3) The instructions contained in Articles 499 to 501 of M. C. A. C., Vol. II, relating to the Education Department will apply *mutatis mutandis* to all the transactions relating to the Primary Education.

(4) The Rules contained in Article 501-A, M. C. A.C., Vol. II will be inoperative after the introduction of the new procedure with effect from 1st January 1945 so far as the maintenance of accounts in the Treasuries is concerned.

(5) Since there is no need hereafter to maintain a Pass Book for the Fund by the Elementary Education Officer of the District, the need for the District Treasury to enter the Elementary Education Fund monthly transactions in the Pass Book and the preparation of Plus and Minus Memos will cease.

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

*Notification No. D*2. 2147—44-45, *dated* 26*th December* 1944.

With a view to encourage the indigenous oil seed crushing industry which had been affected by the ban on exports of vegetable oils, and also to help the raiyats to get a fair price for their groundnut seeds, Government in their Order No. SD. 2908-C. 124-44-7, dated 25th November 1944, exempted groundnut oil from the general ban imposed on exports of all kinds of vegetable oils. This has restored the normal flow of trade in respect of groundnut oil and the oil seed crushing industry has now sufficient incentive for production of groundnut oil.

It is hereby notified for the information of the public that Hydrogenated groundnut oil and refined groundnut oil, which are required in very large quantities for State consumption and for which there is a very great demand locally, cannot be allowed for export outside the State and it should not be presumed that under the authority of the Notification of 25th November 1944 referred to in para 1 above, Hydrogenated groundnut oil and refined groundnut oil could be exported from the State without a permit.
